

JAMAL MIZYED

Full Stack Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Remote (Los Angeles, CA)

November 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Little Face Coffee (Fullstack Web App) – Cashiers can take coffee orders from customers with their names. Baristas can login to the app and see orders that have been made, mark them as complete. Orders that have been completed will note which barista completed the order.

MightyNotes (Fullstack Web App) – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

100Hours Project –

Other Projects: Great Lakes Casino Virtual Slot Machine, Chicago StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more

Full Stack Web Developer at Fanning Communications | Midlothian, IL

June 2020 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy. Some clients included:

City of Country Club Hills, The Chief Engineers Association, Protected Tomorrows, The Village of Crestwood, Animal Welfare League of Chicago Ridge

IT Specialist at Saint Xavier University | Chicago, IL

August 2018 — March 2020

Worked on campus to solve IT related issues ranging from large scale machine imaging to simple password resets. Dealt with all manners of technology for students, staff, and more, along with the rest of the IT department. Due to the pandemic, my time with the team was cut short.
